

# Small Entity Compliance Guide

## Setting and Adjusting Patent Fees during Fiscal Year 2020

**United States Department of Commerce  
United States Patent and Trademark Office  
August 3, 2020**

### USPTO-F-1

Section 10(a) of the Leahy-Smith America Invents Act (Act or AIA) as amended by the Study of Underrepresented Classes Chasing Engineering and Science Success Act of 2018 (SUCCESS Act), Pub. L. 115-273, 132 Stat. 4158, authorizes the director of the United States Patent and Trademark Office (Office or USPTO) to set or adjust by rule any patent fee established, authorized, or charged under 35 U.S.C. for any services performed, or materials furnished, by the Office. The SUCCESS Act extends the USPTO fee setting authority until September 16, 2026. Section 10 of the AIA prescribes that fees may be set or adjusted only to recover the aggregate estimated cost to the Office for processing, activities, services, and materials related to patents, including administrative costs of the Office with respect to such patent fees. Section 10 authority includes flexibility to set individual fees in a way that furthers key policy factors, while taking into account the cost of the respective services. Section 10(e) of the AIA sets forth the general requirements for rulemakings that set or adjust fees under this authority. The Office sets or adjusts 296 patent fees in total, including four fees that will be discontinued and five new fees, under section 10 of the AIA in the Final Rule, “Setting and Adjusting Patent Fees during Fiscal Year 2020,” 85 FR 46932 (August 3, 2020). The Final Rule sets or adjusts patent fees for large, small, and micro entities (any reference herein to “large entity” includes all entities other than those that have established entitlement to either a small or micro entity fee discount). For certain fee categories, small and micro entity fee rates are tiered, with small entities at a 50 percent discount and micro entities at a 75 percent discount. Small entity fee eligibility is based on the size or certain non-profit status of the applicant’s business and that of any other party holding rights in the invention. Micro entity fee eligibility is described in section 10(g) of the Act. Additionally, the Final Rule also provides for patent practitioners to periodically submit registration statements electronically, in order to maintain the accuracy of the practitioner directory by the Office of

Enrollment and Discipline (OED). There is no fee associated with the registration statement.

The Office prepared this Compliance Guide in accordance with the requirements of section 212 of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121). The Office intends this Guide to serve as an introduction to the provisions of the Final Rule and more specifically the changes in patent fees most relevant to small entities (as defined in 37 CFR 1.27) and micro entities (as defined in 37 CFR 1.29), including independent patent applicants and holders.

This Guide is organized as follows:

- 1) Definitions
- 2) Fee Changes
- 3) Biennial Registration for Patent Practitioners
- 4) How to Pay Fees
- 5) Effective Dates
- 6) Available Resources

This Guide does not supersede the Final Rule or any existing regulations or guidance issued in other agency regulations. The Final Rule remains the official record of the Office's section 10 fee and procedural changes. For the full text of the Final Rule, see 85 FR 46932 (August 3, 2020).

The contents of this document do not have the force and effect of law and are not meant to bind the public in any way. This document is intended only to provide clarity to the public regarding existing requirements under the law or agency policies.

## **1. Definitions**

The Final Rule does not alter the definition of a small entity established prior to the enactment of the AIA, nor does it alter the definition of a micro entity established in the AIA. An overview of each definition is presented below.

### **Small Entity**

The Office's definition of a small entity for the purpose of paying small entity patent fees is established in 37 CFR 1.27, which is entitled "Definition of small entities and establishing status as a small entity to permit payment of small entity fees; when a determination of entitlement to small entity status and notification of loss of entitlement to small entity status are required; fraud on the Office." Any party (person, small business concern who meets the size standard in 13 CFR 121.801 through 13 CFR 121.805, or nonprofit organization) that is entitled to small entity status in accordance with the definitions set forth in 37 CFR 1.27(a) is entitled to a 50 percent discount on eligible fees. For the purpose of paying reduced fees under the authority of

section 10, this definition does not change.

### **Micro Entity**

The Office's definition of a micro entity for the purpose of paying micro entity patent fees was created by section 10(g) of the AIA. 125 Stat. at 318-19; see also 35 U.S.C. 123. The definition of micro entity established in the AIA includes limitations based on the number of previously filed applications, gross income, and ownership interests, as well as a separate provision concerning institutions of higher education. For the purpose of paying reduced fees under the authority of section 10, the Final Rule primarily tracks the eligibility requirements set forth in the law. With the implementation of micro entity fees in 2013, the Office set forth rules of practice pertaining to how an applicant can qualify for micro entity discounts. See *Changes to Implement Micro Entity Status for Paying Patent Fees*, 77 FR 75019 (Dec. 19, 2012).

### **Fee Reductions**

**Small Entities:** The AIA provides that fees set or adjusted under section 10(a) “for filing, searching, examining, issuing, appealing, and maintaining patent applications and patents shall be reduced by 50 percent” with respect to the application of such fees to any “small entity” (as defined in 37 CFR 1.27) that qualifies for reduced fees under 35 U.S.C. 41(h)(1). 125 Stat. at 316-17. 35 U.S.C. 41(h)(1), in turn, provides that certain patent fees “shall be reduced by 50 percent” for a small business concern, as defined in section three of the SBA, and for any independent inventor or nonprofit organization, as defined in regulations described by the director. Of the 86 small entity fees affected in the Final Rule, 84 are adjusted, and two new small entity fees are established.

**Micro Entities:** Section 10(b) of the Act provides that the fees set or adjusted under section 10(a) “for filing, searching, examining, issuing, appealing, and maintaining patent applications and patents shall be reduced ... by 75 percent with respect to the application of such fees to any micro entity as defined in [35 U.S.C.] 123.” 125 Stat. at 315-17. Of the 84 micro entity fees affected in the Final Rule, 83 are current fees that are adjusted, and one is a newly established micro entity fee set at a reduction of 75 percent from the large entity fee amounts.

## **2. Fee Changes**

The Final Rule sets or adjusts patent fees consistent with section 10 authority and the Office's rulemaking goals. The Final Rule does not implement any changes to the process of paying fees, nor does it introduce any new regulations by which entities eligible for fee reductions must comply.

See the Table of Patent Fee Changes appended to this Guide for the full list of current and prior fee amounts as well as the dollar change in large entity fees. The table lists “Current Fees” for

large, small, and micro entities and the “Final Patent Fee Schedule Fees” set in the Final Rule.

This section of the Guide offers an overview of both new and restructured fee changes as well as a specific discussion of changes for small and micro entities.

### **New and Restructured Fees**

The Final Rule introduces five new fees, discontinues four fees, and revises all patent fees not covered by the targeted adjustments. An overview of the new fees created in the Final Rule is below.

**Surcharge - Non-DOCX Filing:** The Office is implementing a new fee for utility non-provisional applications filed under 35 U.S.C. 111 and submitted in a format other than DOCX (structured text). This surcharge applies to filings that are submitted in an electronic document, such as a PDF, that is not saved in the DOCX format. It also applies to filings that are submitted non-electronically, in addition to the existing paper filing surcharge. The surcharge is being introduced for specifications, claims, and abstracts. This surcharge will be effective on January 1, 2022. The large entity fee is \$400, and the small and micro entity fees are set to \$200 and \$100 respectively.

**Pro Hac Vice Admission:** The Office is implementing a fee to appear pro hac vice in an AIA trial proceeding. The non-registered practitioner fee is for each proceeding that a non-registered practitioner requests admission to practice. If a non-registered practitioner requests admission to multiple AIA trial proceedings, multiple requests and fees will be required, one for each proceeding. Once a request is granted, the counsel is admitted for the entire duration of a proceeding, which may extend for several years (e.g., when an *inter partes* review proceeds to final written decision and, after appeal to the Federal Circuit, is remanded back to the Patent Trial and Appeal Board for further proceedings). The fee is \$250. This fee is not eligible for small or micro entity discounts.

### **Small and Micro Entity Fee Changes**

As noted above, all fees set or adjusted in the Final Rule are included in the Table of Patent Fee Changes appended to this Guide. The table lists “Current Fees” for large, small, and micro entities and the “Final Patent Fee Schedule Fees” set in the Final Rule.

**Fee Increases:** Of the 86 small entity fees affected by the Final Rule, 84 fees were increased. Of the 84 micro entity fees affected in the Final Rule, 83 fees were increased.

Notable fee increases for small and micro entities include:

- Maintenance fee surcharge increases by 213 percent for all stages and all entity types.

The Office sets the surcharge for a late maintenance fee payment within six months following the due date at \$250 for small entities and \$125 for micro entities (fee codes 2554, 3554, 2555, 3555, 2556, 3556). It is the responsibility of the patentee to ensure maintenance fees are paid timely to prevent expiration of a patent. If a maintenance fee is not paid within the first six months of the year in which it can be paid, a maintenance fee reminder notice is sent to the fee address or correspondence address on record. At this point, a surcharge is required in addition to the maintenance fee in order to maintain a patent.

- Request for expedited examination of a design application fee increases by 78 percent. Fee codes 2802 and 3802 increase to \$450 and \$225 respectively.
- Both the utility and reissue issue fees increase by 20 percent. Utility issue fee codes 2501 and 3501 increase to \$600 and \$300 respectively. Reissue issue fee codes 2511 and 3511 increase to \$600 and \$300 respectively.
- First stage maintenance fees increase by 25 percent. Fee codes 2551 and 3551 increase to \$1,000 and \$500 respectively.
- AIA trial fees, while not eligible for entity type discounts, are increasing. The following fee rates are increasing:
  - *Inter partes* review request fee - Up to 20 claims (23 percent)
  - *Inter partes* review post-institution fee - Up to 20 claims (50 percent)
  - *Inter partes* review request of each claim in excess of 20 (25 percent)
  - *Inter partes* post-institution request of each claim in excess of 20 (25 percent)
  - Post-grant or covered business method review request fee - Up to 20 claims (25 percent)
  - Post-grant or covered business method review post-institution fee - Up to 20 claims (25 percent)
  - Post-grant or covered business method review request of each claim in excess of 20 (27 percent)
  - Post-grant or covered business method review post-institution request of each claim in excess of 20 (27 percent)

### **3. Biennial Registration for Patent Practitioners**

Every two years, registered patent practitioners, as well as individuals granted limited recognition under 37 CFR 11.9(b), will be required to file a registration statement with the OED director. Adequate notice will be provided and sent to patent practitioners in advance of the due date for electronically filing of the registration statement through the USPTO's online system. The registration statement takes the place of the practitioner survey, which is currently administered on paper. The USPTO anticipates that patent practitioners will first be required to submit a registration statement in the spring of 2022. Practitioners will not be required to pay any fee at the time the registration statement is filed. Patent practitioners will have the opportunity to certify that they have voluntarily completed a certain amount of continuing legal education (CLE). CLE

remains voluntary, but the OED director will be authorized to publish the CLE status of patent practitioners.

#### **4. How to Pay Fees**

As noted above, the Final Rule does not change the way an applicant or other patent stakeholder pays patent fees to the USPTO.

Any fee adjusted by the Final Rule that is paid on or after the effective date of the Final Rule, except for the amendment to § 1.16(u)—which is effective on January 1, 2022—is subject to the new fee amount. The amount of the fee to be paid for a given item will be determined by the time of filing of that item with the Office. The time of filing will be determined either according to the date of receipt in the Office (37 CFR 1.6) or the date reflected on a proper Certificate of Mailing or Transmission, where such a certificate is authorized under 37 CFR 1.8. Use of a Certificate of Mailing or Transmission is not authorized for items that are specifically excluded from the provisions of 37 CFR 1.8. Items for which a Certificate of Mailing or Transmission under 37 CFR 1.8 is not authorized include, for example, filing of national and international applications for patents. See 37 CFR 1.8(a)(2).

Patent-related correspondence delivered by the “Priority Mail Express<sup>®</sup>” Post Office to Addressee service of the United States Postal Service (USPS) is considered filed or received by the USPTO on the date of deposit with the USPS. See 37 CFR 1.10(a)(1). The date of deposit with the USPS is shown by the “date accepted” on the “Priority Mail Express” label or other official USPS notation.

Applicants should continue to follow the guidance issued by the USPTO concerning fee payment processes and procedures. See the [learning and resources section of the USPTO website](#) for more information.

#### **5. Effective Dates**

The fees set in the Final Rule are effective on October 2, 2020, except for the non-DOCX filing surcharge—the amendment to § 1.16(u)—which is effective on January 1, 2022.
