FOREWORD

The Roster of Attorneys and Agents Registered to Practice Before the United States Patent Office is an official record of the Patent Office comprising the name, address, business or firm affiliation - if any, enrollment classification and number and bar membership of each individual admitted to practice before the Patent Office. The Roster is maintained current with changes recorded upon receipt of notice of change from enrollees and upon direction of the Committee on Enrollment. It is open to public inspection in the Patent Office in Washington, D. C.

This pamphlet is an extract of the Official Roster containing the names and addresses of all individuals and firms as recorded in the U. S. Patent Office on June 15, 1951. Individuals are not differentiated as to their availability or unavailability to render professional services to the public.

The publication is composed of three sections as follows:

Individuals in the United States

Firms

Individuals in Foreign Countries

Each of these sections includes two separate listings of individuals or firms. The first is an alphabetical listing by name of attorney or agent or in the case of firms by the first surname appearing in the firm name. The second listing groups the entries geographically by states or countries and in some instances by major cities. Listings under each of these geographic areas appear in alphabetical order.
