**Reg. No. 7,045,245**

**Registered May 09, 2023**

**Corrected Oct. 17, 2023**

**Int. Cl.: 9, 11**

**Trademark**

**Principal Register**

Amiblu Technology AS (NORWAY aksjeselskap (as) )  
Østre Kullerød 3  
N-3241 SANDEFJORD  
NORWAY

CLASS 9: Scientific instrumentation for measuring water levels, water flows, chemical levels in water, sediment levels in water; research laboratory analyzers for measuring, testing and analyzing rainwater, wastewater and other fluids; surveying instruments; photographic cameras; cinematographic projectors; audiovisual receivers and transmitters; optical sensors; weighing apparatus and instruments; apparatus and instruments for detecting the presence of water and sediments in water; testing apparatus and instruments for testing water samples; electronic apparatus and instruments for use in inspecting rainwater and wastewater systems; apparatus and instruments for recording, transmitting, reproducing and processing [ sound, ] images and data; recorded and downloadable media, namely, audio files, video recordings, and multimedia files pertaining to rainwater and wastewater systems and components thereof; recorded and downloadable computer software for use in monitoring and controlling operation of rainwater and wastewater systems; computers and computer peripheral devices; electronic devices \*, namely, electronic memory devices, electronic imaging devices, wearable digital electronic communication devices, information storage devices [electric or electronic], electronic communications instruments, electronic telecommunications instruments, electronic control instruments, electronic timing control instruments, process control instruments [electronic], electronic communication equipment and instruments, electronic tracking apparatus and instruments, electronic components used in machines, electronic control systems for machines, computer hardware modules for use in Internet of things electronic devices, wearable digital electronic devices capable of providing access to the Internet, electrical and electronic test apparatus and instruments, electrical and electronic instruments for storing data, electrical and electronic instruments for processing data, electrical and electronic instruments for logging data, electronic navigational and positioning apparatus and instruments, electronic navigational and positioning apparatus and instruments, electronic instructional and teaching apparatus and instruments, electric and electronic security apparatus and instruments, electronic monitoring instruments, other than for medical use, electrical and electronic instruments for the transmission of data, electrical and electronic instruments for the reception of data; \* [ for use in controlling and monitoring operation of rainwater and wastewater systems; ] smart phones and smart watches; computer software platforms, recorded and downloadable, for control of rainwater and wastewater systems and management of data pertaining to rainwater and wastewater systems; computer software applications, downloadable, namely, software for use in monitoring and controlling operation of rainwater and wastewater systems; electronic publications, downloadable, in the nature of operational and technical manuals in the field of rainwater and wastewater systems

CLASS 11: Apparatus and installations for water supply purposes, namely, purification installations for collection, distribution, drainage, and filtration of rainwater and

Patent and Trademark Office

wastewater; [ water basins, namely, basins being parts of sanitary installations for rainwater and wastewater; rain overflow basins, namely, basins being parts of sanitary installations for collecting and storing water; ] purification installations for sewage; filters for drinking water; water filtering apparatus; installations for supply and distribution of water, namely, pipes, conduits, reservoirs, tanks, spring pots, inlet channels, and outlet channels being parts of sanitary installations for supply and distribution of water; water purification installations; water purification apparatus; water purification machines; water sterilizers

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY DATE OF 02-04-2021 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1602527 DATED 05-14-2021, EXPIRES 05-14-2031

SER. NO. 79-315,733, FILED 05-14-2021

## **REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION**

**WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.**

### **Requirements in the First Ten Years\***

#### **What and When to File:**

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.\* See 15 U.S.C. §1059.

### **Requirements in Successive Ten-Year Periods\***

#### **What and When to File:**

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.\*

### **Grace Period Filings\***

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

**\*ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

**NOTE:** Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

**NOTE:** A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
