## FOREWORD

The preparation and prosecution of an application for patent to the end that the issued patent will adequately protect the particular invention are undertakings which require knowledge of patent law and Patent & Trademark Office practice as well as knowledge of technical aspects of the invention. For this reason, most inventors engage registered patent attorneys or agents to do the work for them.

The Patent & Trademark Office maintains registers of attorneys and agents who have demonstrated their qualifications and are recognized to practice before the Office.

This publication is an extract of the official Patent & Trademark Office registers as of October 19, 1982, and contains the names and addresses of a majority of the individuals authorized to represent inventors before the Patent & Trademark Office as of that date. The names of persons registered subsequent to that date will appear in the next publication. In the listings, a number sign (#) appears beside the name of each registrant who is registered as a patent agent. An asterisk (\*) appears in the listings beside the name of each registrant who is an officer or employee of the U.S. Government. All listings include registration and telephone numbers.

Except for persons registered subsequent to October 19, 1982, individuals whose names do not appear in this publication are not recognized to practice before the Patent & Trademark Office, and such persons are not permitted by law to represent inventors before the Patent & Trademark Office. Those registered as "patent attorneys" are attorneys-at-law, except for some non-lawyers who were registered prior to 1938. Qualified persons who are not attorneys-at-law may be registered as patent agents.

Registrants who are officers or employees of the U.S. Government cannot, otherwise than in the discharge of their official duties, represent inventors before the Patent & Trademark Office (18 U.S.C. 203, 205).

The publication is composed of two parts:

In the first part of the publication, individual attorneys and agents in the United States or Territory and foreign countries are arranged alphabetically in a list by surname.

The second part of the publication is a geographical listing alphabetically arranged by state and zip code, of patent attorneys and agents in the U.S. Attorneys and agents having offices elsewhere than in the United States are listed alphabetically by country, following the U.S. listing.

Care has been taken to give accurate information in this publication. However, in a publication as extensive as this, mistakes may occur. Recommendations or suggestions for improvement, as well as errors, should be called to the attention of the Clerk, Committee on Enrollment, Department of Commerce, U.S. Patent & Trademark Office, Washington, D.C. 20231.

Commissioner of Patents & Trademarks
