801 Briefs on the Case

801.01 In General

After the close of all testimony periods in an inter partes proceeding before the Board, the parties are allowed time in which to file briefs on the case. The brief is a party's opportunity to present, in a systematic and coherent manner, and in a form which is permanent and can be referred to, a discussion of the facts in light of the law, its strongest affirmative arguments, and a rebuttal of its adversary's arguments. Parties must file their briefs via ESTTA except under certain limited circumstances. [Note 1.] See [TBMP § 801.03](#).

Subject to Fed. R. Civ. P. 11, a party is entitled to offer in its brief on the case any argument it feels will be to its advantage. However, the facts and arguments presented in the brief must be based on the evidence offered at trial. A brief may not be used as a vehicle for the introduction of evidence. See [TBMP § 704.05\(b\)](#) and [TBMP § 704.06\(b\)](#). Exhibits to briefs are generally unnecessary and are discouraged. [Note 2.] To allow readers to easily locate materials in the record, the parties should cite to the evidence in the trial record by referencing the TTABVUE entry and page number, and not attach previously-filed evidence to their briefs. [Note 3.] For material or testimony that has been designated confidential, and which cannot be viewed on TTABVUE, the parties should include the TTABVUE docket entry and page numbers for both the redacted

version and the TTAB docket entry number for the confidential versions. [Note 4.] The Board will not consider evidence and other evidentiary materials attached to the briefs unless they were properly made of record during the time assigned for taking testimony. [Note 5.]

If a party fails to reference a pleaded claim or affirmative defense in its brief, the Board will deem the claim or affirmative defense to have been waived or forfeited. [Note 6.] Furthermore, a mere statement in a party's brief that it has not waived an affirmative defense, without evidence of proof, may effectively result in waiver of such defenses. [Note 7.] A party may also expressly waive in its brief a pleaded claim or affirmative defense. [Note 8.]

A party may not assert a new claim or affirmative defense in its brief that has not been properly pleaded. [Note 9.]

801.02 Time for Filing

37 C.F.R. § 2.128 *Briefs at final hearing.*

(a)(1) *The brief of the party in the position of plaintiff shall be due not later than sixty days after the date set for the close of rebuttal testimony. The brief of the party in the position of defendant, if filed, shall be due not later than thirty days after the due date of the first brief. A reply brief by the party in the position of plaintiff, if filed, shall be due not later than fifteen days after the due date of the defendant’s brief.*

(a)(2) *When there is a counterclaim, or when proceedings have been consolidated and one party is in the position of plaintiff in one of the involved proceedings and in the position of defendant in another of the involved proceedings, or when there is an interference or a concurrent use registration proceeding involving more than two parties, the Trademark Trial and Appeal Board will set the due dates for the filing of the main brief, and the answering brief, and the rebuttal brief by the parties.*

(a)(3) *When a party in the position of plaintiff fails to file a main brief, an order may be issued allowing plaintiff until a set time, not less than fifteen days, in which to show cause why the Board should not treat such failure as a concession of the case. If plaintiff fails to file a response to the order, or files a response indicating that plaintiff has lost interest in the case, judgment may be entered against plaintiff. If a plaintiff files a response to the order showing good cause, but does not have any evidence of record and does not move to reopen its testimony period and make a showing of excusable neglect sufficient to support such reopening, judgment may be entered against plaintiff for failure to take testimony or submit any other evidence.*

801.02(a) Plaintiff’s Main Brief

The main brief of the party in the position of plaintiff is due not later than 60 days after the date set for the close of the rebuttal testimony period. [Note 1.]

If a party in the position of plaintiff fails to file a main brief, the Board may issue an order allowing plaintiff until a set time, not less than 15 days, in which to show cause why its failure to file a main brief should not be treated as a concession of the case. If the plaintiff fails to file a response to the order, or files a response indicating that it has lost interest in the case, judgment may be entered against the plaintiff. [Note 2.] The purpose of this order to show cause procedure is to save the Board the burden of determining a case on the merits where the parties have settled, but have neglected to notify the Board, or where the plaintiff has lost interest in the case. It is the policy of the Board not to enter judgment against a plaintiff, for failure to file a main brief on the case, where the plaintiff, in its response to the show cause order, indicates that it has not lost interest in the case. However, even if the Board discharges the show cause order because the plaintiff files a response indicating that it has not lost interest in the case, if the plaintiff does not have any evidence of record, and does not file a motion to reopen its testimony period and make a sufficient showing of excusable

neglect to support such reopening, the Board still may enter judgment against plaintiff for failure to take testimony or submit any other evidence. [Note 3.]

For further information concerning the [37 C.F.R. § 2.128\(a\)\(3\)](#) order to show cause procedure, see [TBMP § 536](#). For information on reopening time, see [TBMP § 509](#).

(citing *Gaylord Entertainment Co. v. Calvin Gilmore Productions, Inc.*, 59 USPQ2d 1369, 1372 (TTAB 2000)).

801.02(b) Defendant's Main Brief

The filing of a brief on the case is optional, not mandatory, for a party in the position of defendant. [Note 1.]

However, if a party in the position of defendant wishes to file a brief on the case, the brief is due not later than 30 days after the due date of the plaintiff's main brief. [Note 2.] For information on extensions of time, see [TBMP § 509](#).

801.02(c) Plaintiff's Reply Brief

The filing of a reply brief is optional for a party in the position of plaintiff. [Note 1.]

If a party in the position of plaintiff wishes to file a reply brief, the brief is due not later than 15 days after the due date of the defendant's main brief. [Note 2.] However, if the defendant has not filed a main brief, any reply brief filed by the plaintiff may not be considered because there is nothing to which it could reply.

Objections raised for the first time in a reply brief are untimely because they effectively foreclose the adverse party from responding to the objections. [Note 3.] See [TBMP § 707.01](#).

June 8, 2022). *Cf. Productos Lacteos Tocumbo S.A. de C.V. v. 801.02(d) Reply Brief for Defendant Not Permitted

There is no provision for filing a reply brief, rebuttal brief, rejoinder brief, etc. by a party in the position of defendant. [Note 1.] If a party in the position of defendant files such a brief, it may be stricken, or given no consideration, by the Board. [Note 2.] The party in the position of defendant may counter any arguments raised in plaintiff's reply brief during oral argument. [Note 3.]

However, if a defendant has counterclaimed to cancel a registration owned by the plaintiff, the defendant, as plaintiff in the counterclaim, may file a reply brief directed to the counterclaim. [TBMP § 801.02\(e\)](#).

Ct. 1550 (2019); *Coca-Cola Co. v. 3. *United Foods Inc. v. United Airlines Inc.*, 33 USPQ2d 1542, 1542 (TTAB 1994) (respondent may counter any arguments raised in petitioner's reply brief during oral argument).

801.02(e) Special Situations

The Board sets, by written action in all cases in which a scheduling order is issued, the due dates for the filing of briefs on the case. Enhancements to electronic systems permit this to be done easily.

There are specific circumstances in which other factors are considered in setting the briefing schedule. These are when (1) there is a counterclaim, (2) proceedings have been consolidated, and one party is in the position of plaintiff in one of the involved proceedings and in the position of defendant in another, or (3) there is an interference or a concurrent use registration proceeding involving more than two parties. [Note 1.]

If there is a counterclaim, the time is set for combined briefs. That is, the Board will issue an order setting the due dates for plaintiff's main brief in the original proceeding (due the 60th day after the date set for the close of rebuttal testimony); defendant's combined brief as defendant in the original proceeding and as plaintiff in the counterclaim (due the 30th day after the due date of the plaintiff's main brief); plaintiff's combined reply brief in the original proceeding and its brief as defendant in the counterclaim (due the 30th day after the due date of defendant's combined brief as defendant in the original proceeding and as plaintiff in the counterclaim); and defendant's reply brief as plaintiff in the counterclaim (due the 15th day after the due date of plaintiff's combined reply brief in the original proceeding and brief as defendant in the counterclaim). The time is set for combined briefs in consolidated proceedings when the parties are in opposite positions. Combined briefs may not exceed the page limit for a brief. [Note 2.] See the TBMP Appendix of Forms for a sample briefing trial order with a counterclaim.

In an interference or concurrent use registration proceeding, the Board will schedule briefing periods so that each party in the position of plaintiff will have a period for filing a main brief on the case, each party in the position of defendant will have a period for filing a main brief in which it may respond to the brief of each plaintiff, and each party in the position of plaintiff will have a period for filing a reply brief. [Note 3.] See [TBMP § 1007](#) and [TBMP § 1109](#).

If a reviewing court vacates and/or remands a final decision for further proceedings, the Board has the discretion to order rebriefing of the case. [Note 4.]

37 C.F.R. § 2.128(b) Briefs at final Hearing. *Briefs must be submitted in written form and must meet the requirements prescribed in § 2.126. Each brief shall contain an alphabetical index of cases cited. Without prior leave of the Trademark Trial and Appeal Board, a main brief on the case shall not exceed fifty-five pages in length in its entirety, including the table of contents, index of cases, description of the record, statement of the issues, recitation of the facts, argument, and summary; and a reply brief shall not exceed twenty-five pages in its entirety. Evidentiary objections that may properly be raised in a party’s brief on the case may instead be raised in an appendix or by way of a separate statement of objections. The appendix or separate statement is not included within the page limit. Any brief beyond the page limits and any brief with attachments outside the stated requirements may not be considered by the Board.*

A brief on the case must be submitted in written form and must meet the general requirements for submissions to the Board specified in [37 C.F.R. § 2.126](#). A party must file a brief on the case electronically through ESTTA. See [TBMP § 110](#) for further information regarding ESTTA. The requirements for electronic filing are set out in [37 C.F.R. § 2.126\(a\)](#). [Note 1.] See [TBMP § 106.03](#) for further information regarding the form of submissions.

If ESTTA is unavailable due to technical problems, or if extraordinary circumstances exist, a party may file a brief on the case in paper form. The requirements for paper filing are set forth in [37 C.F.R. § 2.126\(b\)](#). A brief filed in paper form must include a written explanation of such technical problems or extraordinary circumstances, or it will not be considered. [Note 2.]

In addition to the general requirements for submissions to the Board, briefs at final hearing are also subject to the page limitations specified in [37 C.F.R. § 2.128\(b\)](#). The Board may not consider briefs exceeding the page limit. [Note 3.]

As provided in [37 C.F.R. § 2.128\(b\)](#), without prior leave of the Board, a main brief on the case may not exceed 55 pages in length in its entirety, and a reply brief may not exceed 25 pages in its entirety. The parts of the brief that fall within the length limit include the table of contents, index of cases, description of the record, statement of the issues, recitation of facts, argument, and summary. Extensive single-spaced footnotes may not be used as a subterfuge to avoid the page limit. [Note 4.] Exhibits or appendices to a brief, not being part of the brief itself, are not included within the page limit. [Note 5.] In addition, evidentiary objections that may properly be raised in a party's brief on the case may instead be raised in an appendix or by way of a separate statement of objections. The appendix or separate statement is not included within the page limit. [Note 6.] Nevertheless, appendices to a brief may not be used to avoid the page limitation. [Note 7.]

For information concerning motions for leave to file a brief exceeding the page limit, see [37 C.F.R. § 2.128\(b\)](#) and [TBMP § 537](#). For information concerning the page limits for briefs where the parties have stipulated to Accelerated Case Resolution (ACR) in summary judgment format, see [TBMP § 528.01](#).

The brief must contain an alphabetic index of all cited cases. In a brief, case citation to court decisions should be to the appropriate reporter, such as the Federal Reporter or the Federal Supplement, preferably with the pinpoint cite. Case citation to a TTAB decision may be to Lexis, the USPQ in Bloomberg Law, or Westlaw. See [TBMP § 101.03](#) for further information on decisional law. The Board permits, but does not encourage, the citation of non-precedential final decisions or interlocutory orders. [Note 8.] A decision that is not designated as precedential is not binding on the Board, but may be cited for whatever persuasive value it might have. Citation to a non-precedential decision may be to TTABVUE. If a non-precedential decision does not appear in TTABVUE, the citing party should append a copy of the decision to the motion or brief in which the decision is cited. [Note 9.] See [TBMP § 101.03](#).

While parties may cite relevant cases from any jurisdiction, the Board relies primarily on precedent from the U.S. Court of Appeals for the Federal Circuit ("Federal Circuit"), not only because the Federal Circuit is the Board's primary reviewing court, but also because its cases address registration issues more specifically. [Note 10.] See [TBMP § 101.03](#).

The description of the record should comprise a list of the evidence properly introduced by the parties, such as, "The evidence of record consists of Opposer's Registration No. 1234567; Applicant's answers to opposer's interrogatories; the discovery deposition of Mr. X; and the testimony depositions of opposer's witnesses, Mr. Y and Ms. Z." For each significant fact recited, the recitation of facts should include a citation to the portion of the evidentiary record where supporting evidence may be found. When referring to the record in an inter partes proceeding before the Board, parties should include a citation to the TTABVUE entry and page number (*e.g.*, 1 TTABVUE 2) to allow the reader to easily locate the cited materials. [Note 11.] For information regarding citation in ex parte appeals, see [TBMP § 1203.01](#).

If a mark that is the subject of, or is pleaded in, a proceeding includes stylization or a design feature, a reproduction of the mark should be included in the brief on the case.

If a plaintiff files a reply brief, the brief must be confined to rebutting the defendant's main brief. In other words, the reply brief shall be limited to the key points in defendant's brief which plaintiff believes require clarification or response, and should not be used as an opportunity to argue plaintiff's case in chief.

Confidential information. Except for materials filed under seal pursuant to a protective order, the files of applications and registrations which are the subject matter of pending proceedings before the Board and all pending proceeding files and exhibits thereto are available for public viewing on the USPTO web site via TTABVUE at <http://ttabvue.uspto.gov/>. [Note 12.] See [TBMP § 412.05](#) for further information on handling of confidential materials by the Board. In accordance with [37 C.F.R. § 2.126\(c\)](#), a party who submits a brief

containing confidential information under seal or designated as confidential in ESTTA must submit the brief using the “Confidential” selection in ESTTA or, where appropriate, under a separate paper cover. The party must mark both the submission and its cover “confidential,” and must identify the case number and parties. The party must also concurrently submit for the public record a redacted version of the brief. [Note 13.] For material or testimony that has been designated confidential and which cannot be viewed on TTABVUE, the parties should include the TTABVUE docket entry and page numbers for the redacted version and the TTABVUE docket entry number for the confidential version of the brief. [Note 14.]

In addition, in the confidential brief, parties are strongly encouraged to enclose confidential information in brackets to better mark the specific information to be kept confidential. This facilitates a better comparison between the public and confidential versions of the briefs when the Board is preparing a final decision, and will reduce the possibility of the Board inadvertently including confidential information in a final decision. See [TBMP § 110](#) and [TBMP § 412.04](#) for further information on filing confidential material using ESTTA, and [TBMP § 120.02](#) for further information on confidential materials in general.

The Board’s standard protective order is automatically applicable throughout all inter partes proceedings, subject to specified exceptions, unless modified by the parties and approved by the Board. [Note 15.] For further information on protective orders, see [TBMP § 412](#).

When necessary to articulate the reasoning of the Board decision, the Board may treat as not confidential material which cannot reasonably be considered confidential, notwithstanding a party’s designation. [Note 16.] For further information regarding confidential materials see [TBMP § 120.02](#) and [TBMP § 412](#).

801.04 Amicus Briefs

The Board may, in its discretion, entertain an amicus brief. An entity that wishes to file an amicus brief should file a motion with the Board for leave to do so. For information concerning motions for leave to file an amicus brief, see [TBMP § 538](#).

801.05 Motion to Strike Brief on Case

A party may move to strike a brief on the case on a variety of grounds, including that the brief was untimely filed, exceeds the page limit for a brief on the case, violates the format requirements for such a brief, or is a brief not provided for by the applicable rules (e.g., is a reply brief filed by the defendant). [Note 1.] In addition, a party may move to strike evidentiary matter attached to a brief where the evidentiary matter was not properly made of record during the time for taking testimony. For information concerning motions to strike a brief on the case, or matter attached to such a brief, see [TBMP § 539](#).

802 Oral Hearing

[37 C.F.R. § 2.129](#) *Oral argument; reconsideration.*

(a) *If a party desires to have an oral argument at final hearing, the party shall request such argument by a separate notice filed not later than ten days after the due date for the filing of the last reply brief in the proceeding. Oral arguments will be heard by at least three Administrative Trademark Judges or other statutory members of the Trademark Trial and Appeal Board at the time specified in the notice of hearing. If any party appears at the specified time, that party will be heard. Parties and members of the Board may attend in person or, at the discretion of the Board, remotely. If the Board is prevented from hearing the case at the specified time, a new hearing date will be set. Unless otherwise permitted, oral arguments in an inter partes case will be limited to thirty minutes for each party. A party in the position of plaintiff may reserve part of the time allowed for oral argument to present a rebuttal argument.*

(b) *The date or time of a hearing may be reset, so far as is convenient and proper, to meet the wishes of the parties and their attorneys or other authorized representatives. The Board may, however, deny a request to reset a hearing date for lack of good cause or if multiple requests for rescheduling have been filed.*

For general information concerning oral hearings in ex parte appeals to the Board, see [TBMP § 1216](#)

Please Note: Administrative Trademark Judges and other statutory members of the Board collectively are referred to as “judges.”

802.01 In General

The oral hearing on the case in an inter partes proceeding before the Board corresponds to the oral summation in court proceedings after all the evidence is in. [Note 1.] For information on oral hearings in ex parte cases, see [TBMP § 1216](#).

An oral hearing is optional and is scheduled only if a timely request therefor is filed by a party to the proceeding, with the requisite fee. [Note 2.] In the vast majority of cases, an oral hearing is not requested. The oral hearing provides a party with one last opportunity to emphasize its strongest arguments, and to refute its adversary's arguments. It is particularly useful in cases with complex issues, a complex record, highly technical goods and/or services, or where the defendant needs to respond to arguments in the plaintiff's reply brief. If neither party requests an oral hearing, the case will be decided on the evidence made of record during the testimony periods. The record and brief, therefore, are of paramount importance.

Subject to Fed. R. Civ. P. 11, a party is entitled to offer at oral hearing any argument it feels will be to its advantage. However, the facts recited and arguments made at oral hearing must be based on the evidence offered at trial. An oral hearing may not be used as a vehicle for the introduction of evidence. [Note 3.] [TBMP § 704.06](#) and [TBMP § 801.01](#).

Board practice does not allow parties to submit additional comments or clarify their positions after oral hearing unless specifically requested to do so by the Board. [Note 4.]

Following an oral hearing, the Board will add as an entry in TTABVUE an "Appearance Record" identifying the presiding judges and the individuals who appeared on behalf of each party.

Questions or inquiries regarding an oral hearing can be directed to TTABHearings@uspto.gov.

Parties and judges may attend oral hearings in person or, at the discretion of the Board, remotely through video conference. [Note 5.]

5. [37 C.F.R. § 2.129\(a\)](#).

802.02 Request for Oral Hearing

A party that wishes to have an oral hearing on the case must file a request, by separate submission via ESTTA – not as part of its brief on the case – not later than 10 days after the due date for filing the last reply brief in the proceeding. [Note 1.] The request for oral hearing must be accompanied by the requisite filing fee. [Note 2.] Under certain limited circumstances, a party may file a request for oral hearing via paper submission. [Note 3.] Any party to the proceeding may request a hearing.

The Board will issue an order acknowledging receipt of the request and allowing time for submission of several potential dates for the hearing, agreed upon by both parties, if the information was not provided in

the request. The response also should indicate whether the non-requesting party plans to participate in the hearing and whether either party will attend the oral hearing by video conference. Such information is intended to assist the Board in scheduling the oral hearing. Ordinarily, hearings are scheduled on Tuesdays, Wednesdays and Thursdays between 10:00 a.m. and 3:00 p.m. (Eastern Time). The Board will notify the parties by written order the date and time of the scheduled hearing.

If a party decides, after submitting a request for oral hearing, that it no longer desires an oral hearing, the party should file a waiver of the oral hearing request through ESTTA. The matter will then be taken off of the Board's oral hearing docket, and scheduled to be decided on the record and the briefs.

If an oral hearing is not requested, the case will be decided in due course after the due date for filing the last reply brief on the case.

3. [37 C.F.R. § 2.126\(b\)](#).

802.03 Time and Place of Hearing

When a timely request for an oral hearing, with the requisite fee, has been filed by a party to an inter partes proceeding before the Board, the Board sets the date and time for the hearing with input from the parties, and sends each party written notice of the hearing specifying the date, time, and location of the hearing. [Note 1.] Oral hearings are scheduled on Tuesdays, Wednesdays and Thursdays between 10:00 a.m. and 3:00 p.m. (Eastern Time). In setting an oral hearing, the Board normally expects the parties, or their attorneys or other authorized representatives, to confer with each other to determine at least three convenient dates between six and fourteen weeks from the date of the request, and times for the hearing within the foregoing parameters. It is recommended that the requesting party provide that information to the Board with the request for oral hearing. If the parties do not provide potential dates with the request for oral hearing, the Board will issue an order asking the parties to provide three possible dates. If the Board issues such an order and the parties do not respond, or the response does not include agreed upon dates or a reason why the parties could not reach consensus on the dates, the Board will consider the request for oral hearing to be waived.

In person oral hearings typically are held at USPTO headquarters in the Board hearing room, but may be held elsewhere in conjunction with conferences or continuing legal education programs.

Attendance at a scheduled oral hearing is voluntary, not mandatory. If any party appears at the specified time, the party will be heard, whether or not the party that appears is the one that requested the hearing. [Note 2.]

Any party who does not intend to be present for the oral hearing should notify the Board at least two (2) weeks in advance of the scheduled hearing date. If a party, or its attorney, that requested an oral hearing fails to appear at the appointed time, without giving prior notice to the Board of its nonappearance, that party's right to an oral hearing will be deemed waived, and the hearing will not be rescheduled.

Please Note: The Board generally will schedule oral hearings to be held by video unless an in-person hearing is requested. For more information, please visit our website at www.uspto.gov/ttab.

802.03(a) Rescheduling a Hearing

If the Board is prevented from hearing the case at the time specified in the notice of hearing, a new hearing date will be set. [Note 1.] The Board will reschedule an oral hearing, at the request of the parties, if there is a reasonable basis for the request; but, absent compelling circumstances or the consent of all other parties, a hearing date will not be changed if the request for rescheduling is made within two weeks of the scheduled hearing date. A party who wishes to reschedule an oral hearing with the consent of all parties must first determine at least three agreed-upon, non-consecutive dates and times, and file through ESTTA a written stipulation or consented motion confirming the parties' agreement to reschedule, and the proposed three new dates and times. The agreed-upon dates must be between four and eight weeks from the mailing date of the Board scheduling order setting the original hearing date. The parties should also contact the Board's Hearing and Decisions Program Specialist by telephone to provide notification of the filed stipulation or consented motion to reschedule. If the parties agree to reschedule an oral hearing due to settlement negotiations, they should request that proceedings, including the time for oral hearing, be suspended pending completion of the negotiations. If agreement cannot be reached, the party that wishes to have the hearing reset must file through ESTTA a motion therefor showing good cause. [Note 2.] Parties should not file repeated requests to reschedule an oral hearing. The Board may deny a request to reschedule a hearing date for lack of good cause or if multiple requests for rescheduling, including stipulations and consented requests, have been filed. [Note 3.]

802.03(b) Attendance by Video Conference

For hearings held at the offices of the Board, a party may request attendance via video conference from another location. A video conference will be conducted in the same manner as if conducted entirely in the hearing room.

When a party submits its written request for an oral hearing, it should indicate if it is also requesting to attend by video conference. A request to attend a hearing by video conference may also be made in response to the Board order which issues after a party submits a request for oral hearing. Otherwise, a party is expected to appear in person unless it has clearly stated, in its initial request for oral hearing or in its response to the Board's order, its intent to participate by video conference. A party that has not timely and clearly stated its

intent to participate by video conference may not be able to switch to video participation without also rescheduling any already scheduled date for the hearing.

The USPTO does not provide the parties with the means to participate by video conference. The party requesting attendance at the oral hearing through a video conference is responsible for arranging and paying for its video connection. The Board cannot assist the party in this endeavor. The requesting party also is responsible for contacting a USPTO video conference technician by email at VTCOPS@USPTO.gov no fewer than three business days before the confirmed hearing date to provide the proceeding number(s), the date/time of the hearing, and the type of equipment that the party plans to use. A USPTO video conference technician will schedule a test of the equipment the party plans to use. The Board will liberally grant remote attendance, but retains discretion to account for any technological limitations. [Note 1.]

For information concerning requests to reset an oral hearing, see [TBMP § 541.01](#).

802.04 Before Whom Held

An oral hearing is held before a panel of at least three members of the Board (i.e., its statutory members, generally administrative trademark judges), who may attend oral argument in person or remotely. [Note 1.] Normally, an oral hearing panel consists of only three judges. If for some reason a judge on a panel of three that heard the oral argument is unable to participate in the final decision, another judge may be substituted at final decision for the unavailable judge, even though the substituted judge was not present at the oral hearing; no new oral hearing is necessary. [Note 2.]

The Director of the USPTO or the Board may, in its discretion, use an augmented panel to hear a case. A decision to use an augmented panel may be made either upon the Director's or the Board's own initiative, or upon motion filed by a party to the proceeding. [Note 3.]

For information concerning motions for an augmented panel hearing, see [TBMP § 540](#). For further information concerning the constitution of Board panels, see *In re Alappat*, 33 F.3d 1526, 31 USPQ2d 1545, 1547-51 (Fed. Cir. 1994) (en banc).

802.05 Length of Oral Argument

Ordinarily, each party in a Board inter partes proceeding is allowed 30 minutes for its oral argument. If it so desires, the plaintiff may reserve part of its 30 minutes for rebuttal. [Note 1.] No additional time for oral argument is allotted for counterclaims or consolidated proceedings. Accordingly, if there is a counterclaim, the defendant, as the plaintiff in the counterclaim, may also reserve part of its 30 minutes for rebuttal on the counterclaim.

There is no requirement that a party use all of its allotted 30 minutes for oral argument. Often a case may be presented in considerably less than 30 minutes.

On the other hand, if a party feels that it needs more than 30 minutes for oral argument, it may file a request with the Board for additional time. [Note 2.] If the request is granted, each party will be allowed the same

amount of time for oral argument. For information concerning requests or motions for additional time for oral argument, see [TBMP § 541.02](#).

NOTES:

2. See [37 C.F.R. § 2.129\(a\)](#); *U.S. Navy v. United States Manufacturing Co.*, 2 USPQ2d 1254, 1255 (TTAB 1987) (additional time for arguments allowed in view of voluminous record).

802.06 Audio Recording and Video Recording

Upon motion showing good cause and with prior arrangement, the Board will usually permit a party to make an audio recording of an oral hearing. [Note 1.] The recording, when permitted by the Board, is strictly for the party's private use, and is not to be used for purposes of publicity, or as "evidence" in any proceeding (the oral hearing is not part of the evidentiary record in a proceeding before the Board). The motion should be filed well in advance of the date set for the oral hearing, so if an objection is raised, the Board will have time to rule on the matter. For information concerning motions for leave to audio record an oral hearing, see [TBMP § 542](#).

If permission to record an oral hearing is granted, the moving party is responsible for furnishing, operating, and removing its own audio recording equipment in an unobtrusive manner.

A court reporter is distracting and disruptive in the context of an oral hearing before the Board, and therefore may not be used. For the same reason, an oral hearing before the Board may not be video recorded. [TBMP § 542](#).

NOTES:

1. *But cf.* [37 C.F.R. § 2.120\(j\)\(3\)](#) (Parties prohibited from recording conferences held to determine stipulations, motions, and other interlocutory issues.).

802.07 Visual Aids, etc.

It is recommended that a party who wishes to present a visual aid at the hearing email a copy to TTABHearings@uspto.gov and to opposing counsel at least three days before the hearing for distribution to the panel. The Board will generally allow certain types of materials, such as graphs, large depictions of marks, schedules, charts, etc., to be used at oral hearing, either for clarification or to eliminate the need for extended description, when such materials are based on evidence properly of record. [Note 1.]

A party may also bring to the oral hearing any materials introduced as exhibits at trial, including audio or video recordings of commercials or demonstrations. It is recommended that a party that introduced an audio or video recording as an exhibit at trial which wishes to play the recording at the oral hearing notify the Board at least three days in advance so that the Board can be prepared with the appropriate platform. In addition, a party that wishes to play such a recording at oral hearing is responsible for furnishing, operating, and removing the necessary equipment in an unobtrusive manner.

A party may not, however, use an oral hearing for the purpose of offering new evidence, whether in the form of charts, graphs, exhibits, or other such materials. [TBMP § 802.01](#). Nor may a party submit in writing

the text of its oral argument; to allow such a practice would be to permit a party, in effect, to file an additional brief on the case. [Note 2.]

2. *See Reflange Inc. v. R-Con International*, 17 USPQ2d 1125, 1126 n.5 (TTAB 1990).

802.08 Nature of Hearing

Prior to an oral hearing, the judges read the briefs on the case and, if necessary, examine the case files. Thus, persons presenting oral arguments should not read from the briefs on the case, except to emphasize an admission contained in an adversary's brief.

Normally, an oral hearing case is not assigned to a particular judge to draft a final decision until after the oral hearing. Thus, the judge who sits in the middle of the panel of three is not necessarily the person to whom the case will be assigned for decision; rather, the middle panel member is usually (but not always) the senior judge.

A person presenting oral arguments should be prepared to answer questions from the judges at any point in the arguments. If exhibits or visual aids have been brought to the oral hearing, it is recommended that they should have been provided to the Board and opposing counsel at least three days before the hearing. [See TBMP § 802.07](#). When a hearing is in session, no one should be heard except for counsel making an argument or a judge. Further, a person presenting oral arguments should never interrupt the oral arguments of the adversary.

803 Final Decision

After an oral hearing has been held in a Board inter partes proceeding, the case is set down for final decision. If no oral hearing is requested, the case is set down for final decision after the due date for filing the last reply brief.

A panel of at least three Administrative Trademark Judges or other statutory members of the Board (collectively "judges") renders the final decision. [Note 1.] [See TBMP § 802.04](#). When there has been an oral hearing in a case, the final decision normally is rendered by the panel before whom the oral hearing was held. If one of the three judges before whom an oral hearing was held is unable to participate in the final decision, another judge may be substituted at final decision for the missing judge. [TBMP § 802.04](#).

The Board may use an augmented panel at final decision. For information concerning the use of an augmented panel, see [TBMP § 540](#). For further information concerning the constitution of Board panels, see Trademark Act § 17, [15 U.S.C. § 1067](#); and *In re Alappat*, 33 F.3d 1526, 31 USPQ2d 1545, 1547-51 (Fed. Cir. 1994) (en banc).

Generally, every judge assigned to decide the case does not read the full evidentiary record in a case. Rather, one judge is assigned to read the testimony and examine the other evidence of record, discuss the case with the other judges, and then draft a decision and supporting opinion. The draft is circulated to the other judges for their approval. A judge who does not agree with the decision may write a dissent. [Note 2.] A judge who agrees with the decision, but disagrees with the reasoning expressed in the opinion supporting the decision, or wishes to express additional reasons, may write a concurring opinion.

When the judges rendering the decision have completed a final decision, a copy is sent to every party to the proceeding. All final decisions are posted on the USPTO website and are available for public viewing via TTABVUE and the TTAB Reading Room webpage, both of which may be accessed by proceeding number or other criteria. A link to the TTAB Reading Room is available on the Board's webpage or may be accessed directly at <https://ttab-reading-room.uspto.gov/efoia/efoia-ui/#/search/decisions>. For more information regarding access to files, see [TBMP § 120](#).

Trademark Act § 21, [15 U.S.C. § 1071](#), and [37 C.F.R. § 2.145](#) govern any appeal from a final decision of the Board. For more information regarding appeals, see [TBMP Chapter 900](#).

In some instances, the Board in its decision may not decide all of the tried claims. [Note 3.]

The Board in its discretion may issue a bifurcated decision on a matter raised in the parties' briefing prior to rendering a final decision on the merits. [Note 4.]

804 Request for Rehearing, Reconsideration, or Modification of Final Decision

[37 C.F.R. § 2.129\(c\)](#) [*Oral argument; reconsideration.*] Any request for rehearing or reconsideration or modification of a decision issued after final hearing must be filed within one month from the date of the decision. A brief in response must be filed within twenty days from the date of service of the request. The

times specified may be extended by order of the Trademark Trial and Appeal Board on motion for good cause.

A party may file a request for rehearing, reconsideration, or modification of a final decision. [Note 1.] The request must be filed within one month from the date of decision, and a responsive brief, if any, is due within 20 days of the date of service of the request. [Note 2] For information concerning requests for rehearing, reconsideration, or modification of a final decision see [TBMP § 543](#).

A party need not request reconsideration before it appeals a Board decision to the Federal Circuit or district court as provided in Trademark Act § 21, [15 U.S.C. § 1071](#); but, if a party wishes to request reconsideration, it must do so before seeking judicial review of the Board's decision. 805 Final Decision Remand to Examining Attorney

[37 C.F.R. § 2.131](#) **Remand after decision in inter partes proceeding.** *If, during an inter partes proceeding involving an application under Section 1 or 44 of the Act, facts are disclosed which appear to render the mark unregistrable, but such matter has not been tried under the pleadings as filed by the parties or as they might be deemed to be amended under Rule 15(b) of the Federal Rules of Civil Procedure to conform to the evidence, the Trademark Trial and Appeal Board, in lieu of determining the matter in the decision on the proceeding, may remand the application to the trademark examining attorney for reexamination in the event the applicant ultimately prevails in the inter partes proceeding. Upon remand, the trademark examining attorney shall reexamine the application in the light of the matter referenced by the Board. If, upon reexamination, the trademark examining attorney finally refuses registration to the applicant, an appeal may be taken as provided by §§ 2.141 and 2.142.*

If, during the course of an opposition, concurrent use, or interference proceeding involving an application under Trademark Act § 1, [15 U.S.C. § 1051](#), or Trademark Act § 44, [15 U.S.C. § 1126](#), facts are disclosed which appear to render the mark of the involved application unregistrable, and the matter has not been tried under the pleadings as filed by the parties or as they might be deemed to be amended pursuant to Fed. R. Civ. P. 15(b), the Board, in its decision on the proceeding, may, in addition to determining the pleaded matters, remand the application to the examining attorney for further examination in light of the disclosed facts. That is, the Board may include in its decision a recommendation that in the event the applicant ultimately prevails in the inter partes proceeding, the examining attorney reexamine the application in light of the disclosed facts. [Note 1.] See also [TBMP § 515](#) . Cf. [TBMP § 1217](#).

If a party to an opposition, concurrent use, or interference proceeding involving an application under Trademark Act § 1, [15 U.S.C. § 1051](#), or Trademark Act § 44, [15 U.S.C. § 1126](#), believes that the facts disclosed therein appear to render the mark of the involved application unregistrable, but the matter was not

pleaded or tried by the express or implied consent of the parties pursuant to Fed. R. Civ. P. 15(b), the party may request that the Board include, in its decision in the proceeding, a [37 C.F.R. § 2.131](#) remand to the examining attorney. The request may be made in the party's brief on the case, or by separate motion.

An application under Trademark Act § 66(a), [15 U.S.C. § 1141f\(a\)](#), may not be remanded under [37 C.F.R. § 2.131](#).

NOTES:

1. [37 C.F.R. § 2.131](#). See, e.g., *First International Services Corp. v. Chuckles Inc.*, 5 USPQ2d 1628, 1636 n. 6 (TTAB 1988) (in the event applicant ultimately prevails, the involved application will be remanded to the examining attorney for reexamination).

806 Termination of Proceeding

When an inter partes proceeding before the Board has been finally determined (that is, when the time for filing an appeal from a decision of the Board determining the case has expired, and no appeal has been filed, or when any appeals filed have been determined), the Board takes certain further steps, based on the judgment entered, to close out the proceeding file and give effect to the judgment. [Note 1.] The same is true when a proceeding ends by stipulation of the parties, voluntary withdrawal, or consent to judgment by one party.

For example, when a decision of the Board dismissing an opposition becomes final (that is, the time for filing an appeal has expired, and no appeal has been filed, or when any appeals filed have been finally determined), or the opposition is dismissed pursuant to a stipulation of the parties or as the result of a withdrawal by opposer, among other things, the Board normally takes the following steps:

(1) The proceeding file, containing all the submissions filed therein, including filings marked as Confidential pursuant to a protective order, is updated to "Terminated" in TTABVUE.

(2) After termination, exhibits which were filed in the case and which were not able to be scanned are disposed of by the Board in an appropriate manner unless the party who filed them makes prior arrangements to pick them up.

(3) When the opposition status is updated to "Terminated" in TTABVUE, and judgment was not adverse to applicant, the status of the subject application is updated to "Opposition Terminated – See TTAB Records," and the application is released to the Trademark Examining Operation, which may then take additional appropriate action (and make further appropriate updates to the status of the application), such as:

- ✎ issue a notice of allowance under [37 C.F.R. § 2.81\(b\)](#) if the application is an intent-to-use application for which no amendment to allege use under [37 C.F.R. § 2.76](#) has been submitted and accepted;
- ✎ issue a registration pursuant to [37 C.F.R. § 2.81\(a\)](#);
- ✎ republish the subject application if necessary.

(4) When reexamination of the subject application by the examining attorney is ordered pursuant to [37 C.F.R. § 2.131](#), the status of the application is updated accordingly and jurisdiction is restored to the examining attorney for further examination. See [TBMP § 805](#) for further information on final decision remands.

(5) If the applicant has abandoned the subject application or if the Board orders the application to be abandoned, the status of the application is updated to "Abandoned – After Inter-Partes Decision" in TTABVUE.

The Board normally follows steps one and two set out above when a decision of the Board on a cancellation becomes final. In addition:

(6) When a decision of the Board granting a petition for cancellation becomes final, the subject registration is cancelled, in whole or in part, by separate order of the Director with no further action by the parties. Upon the cancellation order by the Director, the cancellation proceeding is terminated in TTABVUE.

(7) When a decision of the Board dismissing the petition for cancellation becomes final, the cancellation proceeding is terminated in TTABVUE and the status of the subject registration ultimately reverts to the earlier and otherwise appropriate status.

For further information concerning the status of an application or registration after termination of an opposition, cancellation, or concurrent use proceeding see [TBMP § 807](#).

Because the Board will take the termination steps described above when a Board decision appears to be final, a party that files an appeal to the United States Court of Appeals for the Federal Circuit pursuant to Trademark Act § 21(a), 15 U.S.C. 1071(a), or commences a civil action seeking review of the Board's decision pursuant to Trademark Act § 21(b), [15 U.S.C. § 1071\(b\)](#), must file written notice thereof with the Board via ESTTA no later than five business days after the party files the notice of appeal with the Federal Circuit or the complaint in the district court. The notice to the Board must include the case name, case number, and court in which the civil action was filed. The party also may file a copy of the complaint with the notice. [Note 2.] If a party files an appeal or civil action, but fails to notify the Board, the Board, believing that its decision has become final, will terminate the proceeding. As a result, a notice of allowance may be issued or an application may be abandoned prematurely, or a registration may be issued or cancelled prematurely while the appeal or the civil action seeking review of the Board's decision is still pending. For further information concerning appeal of a Board decision, see [TBMP Chapter 900](#).

For further information regarding access to files see [TBMP § 120](#).

807 Status of Application after Proceeding

[37 C.F.R. § 2.136](#) *Status of application or registration on termination of proceeding.* After the Board has issued its decision in an opposition, cancellation or concurrent use proceeding, and after the time for filing any appeal of the decision has expired, or any appeal that was filed has been decided and the Board's decision affirmed, the proceeding will be terminated by the Board. On termination of an opposition, cancellation or concurrent use proceeding, if the judgment is not adverse to the applicant or registrant, the subject application returns to the status it had before the institution of the proceeding and the otherwise appropriate status of the subject registration is unaffected by the proceeding. If the judgment is adverse to the applicant or registrant, the application stands refused or the registration will be cancelled in whole or in part without further action and all proceedings thereon are considered terminated.

Once the Board has issued its decision in an opposition, cancellation, or concurrent use proceeding, the Board will terminate the proceeding after the time for filing any appeal of the decision has expired, or any

appeal that was filed has been decided and the decision has been affirmed. [Note 1.] The Board may terminate a proceeding without awaiting an appeal period when the decision is pursuant to a stipulation of the parties or as the result of a voluntary withdrawal, among other things. *See generally* [TBMP Chapter 600](#). When the proceeding is terminated, the TTABVUE proceeding record will include a prosecution history entry to indicate that the proceeding is “TERMINATED.”

807.01 Abandoned Applications and Registrations Entirely Cancelled

The Board handles all status updates to applications that are abandoned and registrations that are cancelled in their entireties upon termination of inter partes proceedings. [Note 1.] **Please Note:** The status update process may take up to one week from the date of termination. If the status of such an application or registration is incorrect after one week, the interested party should contact the Board for assistance.

Searle & Co.*, 52 USPQ2d 1058, 1060 n.3 (TTAB 1999) (if opposition is sustained, application is deemed abandoned); *In re Vesper Corp.*, 8 USPQ2d 1788, 1789 (Comm’r 1988) (there is no authority for the Commissioner to reopen an application for entry of an amendment after a successful opposition). *See also National Patent Development Corp. v. Hercules Inc.*, 192 USPQ 491, 492 (Comm’r 1976) (Commissioner refused to reopen application for motion to amend after adverse final judgment in opposition).

807.02 Applications Not Abandoned and Registrations Not Cancelled

When an opposition or concurrent use proceeding ends with a judgment which is not adverse to an involved applicant and the Board terminates the proceeding, the application returns to the status it had before the proceeding commenced, unless the Board indicates in its decision that the application must be republished, or includes in its decision a [37 C.F.R. § 2.131](#) remand to the examining attorney. [Note 1.] *See* [TBMP § 805](#).

When a cancellation or concurrent use proceeding ends with a judgment which is not adverse to an involved registration and the Board terminates the proceeding, the otherwise appropriate status of the subject registration is unaffected by the proceeding. [Note 2.]

Upon termination of an inter partes proceeding in which the application was not abandoned or the registration was not cancelled in its entirety, the Board updates the “Application Status” field in TTABVUE to reflect “Terminated.” However, it is the Trademark Examining Operation that undertakes the electronic transactions necessary to return the application to the status it had before the proceeding was instituted, and to ensure that the otherwise appropriate status of the registration is unaffected by the proceeding. The Board is unable to change the status of the application or registration at this point unless: (1) the placement of the application or registration into “Terminated” status was premature or otherwise inappropriate, or (2) the application or registration should be abandoned or cancelled in its entirety.

Please Note: This status update process can take up to several weeks. If, after a reasonable time, the application or registration has not been electronically transitioned in status from that which the Board enters upon termination of its proceeding to that which the Trademark Examining Operation subsequently enters, the interested party should contact the Trademark Assistance Center for assistance.

If the application or registration was the subject of multiple proceedings brought by unrelated plaintiffs, and the Board finds in favor of one of the plaintiffs, either on summary judgment or at final hearing, the Board usually issues an order to the remaining plaintiffs allowing them time to inform the Board if they wish to go forward to obtain a judgment on the merits, failing which, the proceeding will be dismissed as moot. [Note 3.]
