United States Patent and Trademark Office

A J.D. IRVING COMPANY

Reg. No. 7,198,357

Registered Oct. 24, 2023

Corrected May 07, 2024

**Int. Cl.: 1, 3, 4, 5, 6, 7, 9, 11,
12, 16, 19, 20, 22, 24, 29, 35,
36, 37, 39, 40, 41, 42, 44, 45**

Service Mark

Trademark

Principal Register

IRVING LICENSING INC. (CANADA CORPORATION)
300 UNION STREET
SAINT JOHN, NEW BRUNSWICK, CANADA E2L4M3

CLASS 1: Forestry and forest products, namely, wood pulp and wood pulp in bulk sheets for manufacturing purposes, northern; bleach softwood kraft pulp and northern bleach hardwood kraft pulp for manufacturing purposes; soils, namely, potting soils, planting soils, chemical soil conditioners, soil additives, horticultural potting mixtures, compost, growing media for plants, fertilizers and plant food; rock salt for deicing; deicing preparations for use on driveways, walkways, steps and any frequently travelled area for residential, industrial and commercial applications

CLASS 3: Baby wipes

CLASS 4: Wood pellets for use as fuel

CLASS 5: Absorbent products, namely, disposable baby diapers; diapers for incontinence, disposable training pants; adult incontinence products, namely, disposable incontinence undergarments, briefs, protective underwear, absorbent shields and pads; feminine hygiene products, namely, sanitary napkins, panty liners and tampons, and personal care sanitizing wipes

CLASS 6: Metal pipe spools and steel; transportable buildings of metal, modular metallic buildings and metal shelter structures and complexes, namely, offices, showrooms, sales offices, first aid stations, storage facilities, offices, camps for construction projects, workforce housing, lunchrooms, canteens, locker rooms, clubhouses, guardhouses, kiosks, booths, laboratories, daycares, classrooms, schools, seniors' and group homes, multi-family homes, hotels, motels, resort complexes, medical clinics; metal farm storage tanks; marine and industrial metal castings in the rough; metal bollards; structural roof products, namely, metal roof trusses, beams; portable metal, pre-fabricated metal architectural columns, metal posts, metal open joists, metal wood connectors and engineered metal floor joists and metal wall panels; industrial buildings and mini homes

CLASS 7: Forest harvesting equipment, namely, mobile machines for felling, delimbing, cutting and stacking trees and parts; vehicle engine parts, namely, oil tanks; propellers for machines; garage air compressors; herring filleting machines, namely, fisherman's gurdies; winches

Katherine Kelly Vidal

Director of the United States
Patent and Trademark Office

CLASS 9: Downloadable electronic publications, namely, manuals, interactive electronic technical manuals (IETMs), booklets, brochures, and pamphlets featuring forest management and reforestation, marine manufacturing and environmental initiatives associated with ships, vessels, platforms, plants and their systems; pre-recorded videotapes, DVDs, compact discs, downloadable mobile applications, downloadable electronic books to children on arts and crafts projects all featuring information in the field of reforestation, environmental initiatives and the role of well managed forests, forest certification and recycled paper

CLASS 11: Bathroom sinks; oil burners for industrial and commercial use; portable washroom units

CLASS 12: Portable work site trailers and industrial trailers

CLASS 16: Specialty grade paper for use by commercial printers and large retailers in preparing commercial publications, catalogues, advertising inserts, magazines, books and periodicals, paper in bulk sheets and rolls for industrial and commercial finishing applications, corrugated linerboard, corrugated cardboard, corrugated cardboard cartons and folding cardboard cartons for industrial and commercial applications, and parent rolls of tissue paper; paper tissue products, namely, facial tissue, bathroom tissue, paper towels, paper serviettes and paper napkins; printed technical publications, namely, manuals, booklets, brochures, pamphlets, and posters featuring ships, vessels, platforms, plants and their systems; disposable pads for diaper changing; printed maintenance and repair documentation associated with ships, vessels, platforms, plants, and their systems; printed designs and drawings associated with ships, vessels, platforms, plants, and their systems; printed reports, analyses and studies associated with ships, vessels, platforms, plants, and their systems; photographs; printed publications, namely, magazines, brochures and newsletters in the field of reforestation, environmental initiatives and the role of well managed forests, forest certification and recycled paper; cellulose tissue and products made therefrom, namely, bathroom tissue, facial tissue, paper towels and paper napkins for personal, professional, household, institutional, industrial and commercial uses for purposes of protecting and cleaning persons and objects

CLASS 19: Forestry and forest products, namely, lumber, pressure treated lumber, hard wood flooring and wood paneling; forestry and forest products, namely, wallboard; mobile and modular non-metal homes; marine and industrial non-metal castings in the rough; concrete bollards; structural roof products, namely, non-metal roof trusses and beams, pre-fabricated non-metal architectural columns, non-metal posts, metal open joists, non-metal wood connectors and engineered non-metal floor joists and non-metal wall panels; portable component homes, portable non-metal industrial buildings and mini homes

CLASS 20: Bathroom vanities; bathroom accessories, namely, shower rods; furniture, namely, kitchen cabinets, bedroom furniture, office furniture, wall units, storage units for the office comprising shelves, drawers, cupboards, baskets, sold as a unit; dog kennels; wood farm storage tanks; pre-manufactured dismantled tables and work benches

CLASS 22: Saw dust and wood shavings for use in the manufacturing of wood pellets and pet bedding

CLASS 24: Diaper changing pads not of paper for use in the manufacturing of wood pellets and pet bedding

CLASS 29: Frozen French fried potatoes; appetizers consisting primarily of battered and breaded vegetables, potatoes and cheese

CLASS 35: Supply chain management services; operation of an eco-tourism center, nature park, and a natural environmental discovery park; association services, namely, promoting the interests of the forest, paper and wood products industry, and promoting

public awareness of environmental issues and initiatives in the forest, paper and wood products industry; inventory control services; freight custom clearance services; cost analyses, namely, performing landed cost calculations for freight; tracking services for the movement of cargo and freight for business purposes; freight logistics management, namely, system design, organizing and arranging for the transportation of goods for others; logistics management, namely, managing logistics in relation to the transportation of goods for others; transportation management, namely, arranging, booking, planning, scheduling and managing the transportation of freight and goods for others; freight logistics management, namely, dispatching of domestic and international freight and transportation for others; transportation and logistics management services, namely, managing the transportation of goods for others, namely, domestic and international freight and transportation brokering; supply chain services, namely, providing services for others relating to third party supply chain matters, namely, warehouse storage, transportation and distribution of third party goods by rail, truck and water; tracking of freight for others, namely, providing electronic tracking of freight information to others for business administration purposes; providing information on logistics management; providing information on freight shipping rates; providing rate comparison services in the field of logistics and transportation; providing accounts receivable information in the fields of logistics and transportation; business auditing of shipments, freight, payment and documentation for others; reseller services, namely, distributorship services in the field of transportation services; transportation logistics services, namely, arranging the transportation of goods for others including, management of crew shifts; business management and operation assistance to ship owners and operators including acting on behalf of others to provide for all aspects of the operation, maintenance and clearance of a ship into and out of a port, provision of crews for ships, and the provision of consulting services in respect of the aforementioned services; port management services, namely, business operation of port facilities for others; estimating contracting work in the field of pipe construction projects; logistics management in the field of air, rail, shipping and trucking, including monitoring and managing industrial production equipment and supplies, including monitoring, scheduling and implementing equipment maintenance, repair and overhaul, maintaining spare parts and supplies inventories, and transportation and warehousing services in support of the foregoing providing customized industrial management assistance and reporting systems to assist in monitoring and managing quality and sufficiency of industrial production equipment and supplies; supply chain logistics and reverse logistics services, namely, storage, transportation and delivery of goods and materials for others by air, rail, ship or truck; operation of a business for others dealing in the sale of component homes, modular homes, industrial buildings, industrial trailers, mini homes, and cabinets; operation of outlets providing for the retail and wholesale supply of hardware, household and building materials; advertising and promoting the hardware, household and building materials of others through the distribution of newsletters and in store and online displays; providing consumer product information via printed publications, newsletters and websites on hardware, household and building materials that can save energy in the home and related information; conducting contest programs to promote the sale of absorbent consumer paper products of others; providing incentive award programs for customers through the issuance and processing of loyalty coupons for frequent use of a line of absorbent consumer paper products; providing consumer product information relating to hardware, household and building materials that can save energy in the home and related information; business operation of power generation equipment and facilities for others; business consultation in the field of commercialization of new technology; operation of a website to provide information in the area of forest management, research and habitat conservation; operation of a business selling and distributing various business and industrial goods including men's and ladies' uniforms, safety footwear, gloves, rain wear, dry goods, cresting and embroidery, safety products including first aid supplies, fire equipment, disposable clothing and protection equipment, office supplies and furnishings including office furniture, stationery, printed forms and drafting supplies, micrographics work including type setting and offset printing, engineering printing, photocopying, industrial supplies including cleaning and maintenance supplies, paper products, industrial abrasives and

tooling, paints and coatings, and steel strapping and supplies, food, meat and other provisions to woodland and other industrial operations, and bonded storage; reforestation services, namely, forestry management and forestry management consulting services; promoting the sale of third party wares made in Atlantic Canada through promotional contests, the distribution of coupons, through in-store consumer programs, and through online consumer programs and contests; logistics management in the field of military, ship, vessel, platform and plant equipment and their systems, namely, repair and overhaul requirements, customized management and reporting systems, spares, namely, the replacement of parts or components for military, ship, vessel, platform and plant equipment, inventory and maintenance support

CLASS 36: Custom house brokerage services for freight; providing educational scholarships and information about educational scholarships; providing information about education savings plans

CLASS 37: Ship building and industrial fabrication, namely, building and repair of marine vessels and off-shore structures; the rental of industrial and construction equipment, namely, the rental of trucks, truck-tractors, dump trucks, trailers, floats, cranes, backhoes, welders, heavy construction equipment, industrial cleaning equipment, jacks, and equipment ancillary to the above; inspection, repair and installation of cranes, namely, chain fall and chain hoist cranes and their parts, namely, slings, hooks, spreader beams and lifting beams; repair of weigh scales for others; installation and construction of windows, doors, kitchens, bathroom and building improvements and repairs; construction of concrete commercial and industrial foundations; excavation services; explosive blasting operations, namely, blast hole drilling and blasting for use in construction and mining extraction; providing installation and maintenance services to wind farm operators; industrial cleaning services, namely, the cleaning of industrial premises, equipment, and machines; naval construction and repair; maintenance, repair, construction and conversion of ships and vessels; installation of pipe spools and associate piping components; installation of modular units

CLASS 39: Conducting sightseeing tours for others, namely, nature tours; cargo ship and freight transportation by rail and ground; cargo ship and freight transportation by boat, off shore supply vessels, tugs and barges, truck and rail; warehouse storage services; freight services, namely, freight handling services, freight forwarding services, freight distribution, freight routing, freight classification; domestic and international freight and transportation brokering; providing information on transportation; warehousing services; packaging of goods for transportation; storage of cargo and freight goods before and after transportation by boat, truck and rail; cargo handling and unloading services; cargo container rental services; moving and storage of goods, namely, tug and barge project cargo and goods movement; harbor berthing services; consulting services in the field of domestic and international freight and transportation; naval shipyard services, namely, offshore supply vessels, including transportation of good and crews, anchor handling services, and supply base services, including the operation of a warehouse and storage facility on land of supplies necessary to service offshore oil and gas exploration and production; port services, namely, ship bunkering services, ship unloading services, providing vessel mooring facilities and mooring services, marine towing, distribution and supply of water; maintenance and repair of port equipment and structures; charter of marine and river vessels; import, export, and domestic cargo handling services; warehousing services; harbor crane unloading services, namely, chain fall and chain hoist crane unloading services; dry dock services

CLASS 40: Machine shop services, namely, machining parts for others; custom metal fabrication services for others; manufacturing services for others in the fields of personal care and absorbent consumer paper products, namely, diapers, training pants, baby wipes, baby changing pads, adult incontinence products, namely, disposable incontinence undergarments, briefs, protective underwear, absorbent shields and pads, feminine hygiene products, namely, sanitary napkins, panty liners and tampons, and personal care wipes; demolition services, not buildings; digital and specialty printing,

namely, printing of signs, banners and posters, fleet graphics and decals; custom pipe piece fabrication; custom fabrication of components for modular units, and assembly of modular units

CLASS 41: Non-downloadable electronic publications, namely, manuals, interactive electronic technical manuals (IETMs), booklets, brochures, and pamphlets featuring ships, vessels, platforms, plants and their systems; educational services, namely, providing online instructions to children on arts and crafts projects, online games and online puzzles, all featuring information in the field of reforestation, environmental initiatives and the role of well managed forests, forest certification and recycled paper; providing on-line publications, namely, magazines, brochures and newsletters in the field of reforestation, environmental initiatives and the role of well managed forests, forest certification and recycled paper; Providing sports and athletic facilities for cross-country skiing, hiking, and jogging trails; educational services, namely, conducting science and nature seminars; educational training services in the field of engineering; training in the fields of ships, vessels, platforms, plants, and their systems and the application of related International standards and regulations; educational services, namely, providing ongoing television public service announcements in the field of forest management, research and habitat conservation; continuing public service programs in the field of forest management, research and habitat conservation produced and distributed over television, satellite, film, audio, video, internet, and 3-D virtual reality media; videotaping; news syndication reporting; providing news in the nature of current event reporting; providing a website featuring blogs including videos, images and text about reforestation programs and other environmental initiatives and the role of well managed forests, forest certification, and recycled paper; providing educational services information about institutions offering elementary, secondary and higher education; conducting contests to win educational funds and educational resource

CLASS 42: Agricultural services, namely, soil and plant tissue sampling and crop observing for analysis purposes; design for others of marine vessels and off-shore structures; engineering; design and development for others in the field mechanical and marine engineering, design drafting services; conducting technical investigations and engineering studies concerning mechanical systems; engineering and engineering consulting services, namely, ship, vessel, platform, and plant engineering, mechanical engineering, hull and marine engineering, electrical and electronic engineering, concept and design engineering, design drafting, design integration services, technical investigation and engineering studies and surveys, specification and feasibility studies, and test and trial programs; non-destructive inspection and testing of liquid penetrate visible and ultraviolet, magnetic particle visible and ultraviolet, ultrasonic flaw detection and thickness, and radiography gamma and X-ray; testing, analysis and evaluation of materials, both in-house and on site, namely, metal; calibration services, namely, the making of adjustments to equipment that ensures weight, volume, dimension, thickness, flows of fluids, vibration levels and force to ensure the measurements are accurate; surveying services in the field of pre-engineering, civil, mechanical, piping, drafting and shipbuilding; weigh scale services, namely, truck weighing services for others, and the calibration services; evaluating and testing the environmental qualities and impact of consumer products of others; design of windows, doors, kitchens, bathroom and building improvements and repairs; forest product research and development; technology research and development, namely, oceanography research and development, marine science research and development, naval research and development, and ship building and ship maintenance research and development; design for others of crane lifts

CLASS 44: Reforestation services in the nature of planting trees; providing information in the field of reforestation and other environmental initiatives in the forest, paper, wood products industry; Providing a website offering information about reforestation programs and other environmental initiatives and the role of well managed forests, forest certification, and recycled paper in the nature of tree planting for habitat restoration and sustainability purposes

CLASS 45: Private security services, namely, security guard services

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY CLAIMED UNDER SEC. 44(D) ON CANADA APPLICATION NO. 1697353, FILED 10-15-2014, REG. NO. TMA1031407, DATED 06-25-2019, EXPIRES 06-25-2029

test

No claim is made to the exclusive right to use the following apart from the mark as shown: "COMPANY"

The name "J.D. IRVING" in the mark does not identify a particular living individual

SER. NO. 86-425,741, FILED 10-16-2014

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
